Testimonials

An insightful program, full of discovery and enlightenment, the Level 3 program opened my eyes wide to the beauty of deep coaching and the path I need to take to achieve the highest levels in coaching. Very insightful and educative.

DR. SURESH VERGHESE, ICF-PCC, INDIA

It was deep, reflective, and immersive in understanding the nuances of mastery and how one can be more mindful, aware, and transformative in their coaching. Very self-reflective, great learning, and enriching sharing of experiences with the cohort.

SANDHYA BHATT, ICF-PCC, INDIA

I joined the programme to explore self, understand coaching beyond structure and formula, and to be in a space with people who aspire to be better coaches. I got all that and more with Abhyudaya under Jaya's carefully curated programme. She truly demonstrated the essence of self developmental space without being prescriptive, directive. Grateful for her holding space, respectful and appreciative of her guidance along the path to understanding self. From the books, to the core competency facilitations, from mentor coach practice to reflection sessions - all proved to be nudging one on one's MCC journey. Walk the talk was exemplified in the programme - tough call but worth it.

Testimonials

It was indeed a very insightful and reflective learning journey which stretched me, made me unlearn, learn and understand the nuances and skill of operating at what it needs and requires of one to operate at a Mastery level of coaching. Jaya was undoubtedly supportive throughout the journey and believed in me when I had lost hope. A great experience of making you stronger and explore yourself at a deeper level.

ARCHANA GAUBA, ICF-PCC, INDIA

It's thorough, it's wholesome, it's tough, it's fluid, it gives space and yet pushes you too. It's elaborate and extensive and much like how the iron needs to fully melt before it can be forged into anything meaningful, one needs to fully commit and submit to the process to get to the other side. I loved every bit of it.

BHAVANA AWASTHY, ICF-PCC, INDIA

It is an experience to step into tuning my presence into the nuances of masterful coaching and my journey continues with this solid experience.

RAKHEE SHARMA, ICF-PCC, INDIA

It was a transformative experience of exploring my own inner deeper self in understanding what does Mastery mean to me. In this journey I had wonderful peers and mentor Jaya who travelled along with me. The experience has been very impactful, meaningful and insightful. The nuances of the co creation of this programme itself demonstrates the experience of what does mastery mean in a nutshell. This is more than MCC and a journey for courageous souls to evolve collectively.

Discover Your Calling !

The Life's Task

You Possess a kind of inner force that seeks to guide you toward your Life's Task- what you are meant to accomplish in the time that you have to live.

In childhood, this force was clear to you. It directed you toward activities and subjects that fit your natural inclinations.

In the intervening years, the force tends to fade in and out as you listen more to parents and peers.

The first move toward mastery is always inward-learning who you really are and reconnecting with that innate force.

Knowing it with clarity, you will find your way to the proper career path and everything else will fall in place.
